

MELISSA SIKORSKI

DESIGN SHOULD BE A SEAMLESS BALANCE OF FUNCTIONALITY + STYLE

Also, fun. Design should be fun, too, don't you think?

Promoted to Senior Interior Designer for the largest pleasure boat manufacturer in the world, I work on products ranging from 16 foot power boats retailing at \$12,000 to 65 foot motor yachts retailing to \$3,000,000.

I create, specify and document interior and exterior materials, soft goods, hardware, plumbing and lighting schemes on prototypes for the *Sea Ray Boats & Yachts, Meridian Yachts & Bayliner Boats* brands, working on the projects from concept to completion.

Each year, I also design the Model Year material updates for 50 models covering all 3 individual brands.

Additionally, I create and present annual global color and zeitgeist trend reports used not only internally, but also by brands within the larger corporation.

BIG SKY STARLET DESIGN + STYLING

2010 - Present

FREELANCE RESIDENTIAL DESIGN + STYLING

www.bigskystarlet.com

I design & style residences across the country via E-styling services, providing personal style boards, recommended materials samples, basic floor plans & sourcing lists customized to the client's local area. I also provide full project management services in the Central Florida area, including: working with building associations & administration, vetting & managing trades, and purchasing goods & arranging deliveries.

WONDERFUL TIME PHOTOGRAPHY
